# Foreword

In thanking my numerous clients for their past generous support, it is pleasing to note that in spite of war conditions the demand for Koongarra Dahlias continues to expand, sales last season having constituted a considerable increase on previous years. This justifies me in assuming that their popularity remains undiminished, and that they continue to gain high Awards on the show bench and give complete satisfaction in the garden. This is also borne out by the numerous testimonials received, extracts from just a few of which are given below. I therefore offer, with every confidence, the following catalogue of highest quality dahlias, both discriminating exhibitors and those who grow primarily for garden and home decoration, being amply catered for. Service, civility, and quality, in spite of the difficult war conditions, will continue to be extended, as formerly, to all old and prospective clients. **Grow Koongarra Dahlias and your success is assured!**

El Monte, California.

The dahlias arrived fine and I am very well satisfied, so much so that I will order more next season. They are growing fine. . . .
H. L. Schmit.

Yanco, N.S.W.

The tubers arrived in good condition and I am very pleased. Every one is above ground. . . .
Mrs. M. E. Dale.

Penrith, N.S.W.

Please accept my regrets for not notifying you of my entire satisfaction with the dahlias you sent me last year. . . .
Dorothy Peach.

Fremantle, W.A.

I had a 100% result from your tubers. . . .
Wm. Metcalf.

Hazeldene, Vic.

The poms sent me arrived in wonderful condition, am more than pleased with them and will certainly recommend you to my friends of the horticultural societies. E. Lewis.

Hobart, Tas.

Please accept my thanks for bulbs which arrived in splendid order despite the fact that they had been six days on the way. . . .

# Introduction and Condition of Sale

In presenting this new catalogue of dahlias I wish to thank all my numerous patrons for their past support, and, in soliciting a recurrence of their esteemed patronage, to assure them and all new clients that their wishes will always receive my closest personal attention.

This list has been brought right up to date with the best varieties from all dahlia-producing countries, and is the most comprehensive and balanced collection in the Commonwealth, it being my aim to please all dahlia lovers, both those who grow dahlias primarily for garden and home decoration, as well as the most discriminating exhibitors, who will find within a rare collection from which to choose.

All novelties have been tried and proved in my nursery, and, while your local conditions may cause some variation, those catalogued can be confidently relied upon, the descriptions being as faithful as possible and quite unexaggerated. Do not be discouraged if a variety does not do well with you the first year; try it again, as some need to be acclimatized, or the season may not have suited it.

All are guaranteed and true to name, and all divisions, pot roots, and plants are from sound, healthy stock, field grown, and not over stimulated in any way. It is well known that such stock will give more vigorous plants than that which has been highly forced and stimulated. Purchasers can, therefore, confidently rely on Koongarra stock.

## COLLECTIONS.

Collections of named dahlias (any type or types), my selection, are made up at any price from 15/- to 40/- per dozen. They are the best value obtainable in dahlias to-day, and represent a reduction on catalogue prices. For those who are not thoroughly conversant with the varieties listed, I would advise that the selection be left to me, and if I am informed of the colours, price, and types desired, and whether they are required for garden or exhibition purposes, I will send only those capable of giving complete satisfaction.

All dahlias supplied are guaranteed and true to name.

## SUBSTITUTION.

If I am unable to supply any variety asked for, it is customary for me to substitute a similar one, as good as, or better than, the one named, at no extra cost, and this practice will be followed unless I am advised to the contrary, **in which case please add some extra names as second choice.**

## GUARANTEE.

All dahlias are guaranteed good and sound when they leave me, and with at least one "eye." Should, however, any be damaged in transit, I will cheerfully replace them, free of charge, if returned to me **AND POSTAGE IS SENT, but no complaint will be entertained unless received within seven days after despatch.** In all branches of gardening there are always some disappointments, due to causes beyond my control, such as adverse weather conditions, pests, inexperienced planting, cultivation, etc., which renders it impossible for me to guarantee your success, but I do guarantee to fulfil your orders with sound, healthy stock.

## COUNTRY AND INTERSTATE ORDERS, POSTAGE, ETC.

Country and interstate orders, unless freight can be paid the other end, should have 1/6 per dozen added for postage and packing to the country, and 2/6 per dozen for interstate for the first dozen, and 1/- for each additional dozen.

## PACKING.

Each tuber (or plant) is packed in moss and separately wrapped, a system which ensures every dahlia arriving in perfect condition, even after travelling long distances. (See testimonials.)

## TERMS.

Strictly NET cash with order from country or interstate clients. **Exchange must be added to country and interstate cheques.**

These, and on page 2, are my only Conditions of Sale, and, in ordering, clients automatically accept same.

# New Exhibition Decoratives

## AND SEMI-CACTUS OF SPECIAL MERIT

In all cases tubers are available, but in some instances are very limited, so early reservation is necessary, as orders are supplied strictly in rotation. All varieties promised prior to despatch are subject to stocks being available, as there is always a certain amount of wastage through decay, failure in "starting," etc.

### ABBREVIATIONS.

(F.D.) Formal Decorative; (I.D.) Informal Decorative; (S.C.) GIANT Semi- (or Hybrid-) Cactus; (G.C.) MEDIUM Garden (or Semi- or Hybrid-) Cactus. Some may be right on the border-line between two types, and may vary under different conditions, but this classification is as accurate as possible. **ALL ARE STIFF-STEMMED.**

# Recent "Koongarra" Specials

## VARIETIES NOT CATALOGUED

Owing to the ever-increasing number of new varieties, I have found it impossible to include in this catalogue all the older dahlias in the various types, many of which I still grow. If, therefore, you desire varieties not listed in this catalogue let me know, as most probably I can supply them.
